OUR WORK

01.

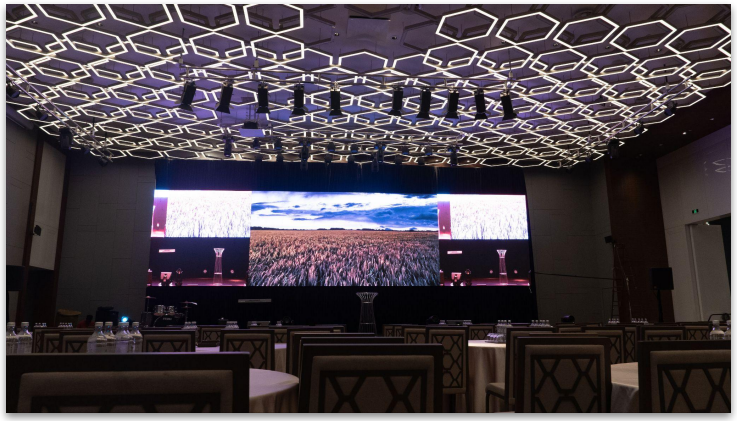

LED SCREENS SERVICES

We have enhanced the visual impact, engagement, and communication of over 50 corporate events by:

- Displaying live feeds, presentations, and real-time updates.
- Displaying customizable content i.e. logos, animations etc., to reinforce brand identity

02

SOUND SERVICES

Over the past 5 years, we have provided sound services including but not limited to sound equipment such as speakers, microphones etc. to a variety of clients.

We ensure that sound synchronizes perfectly with LED screens, video presentations, and live-streaming setups for a cohesive experience.

SOUND SERVICES

03

LIGHT & STAGE SERVICES

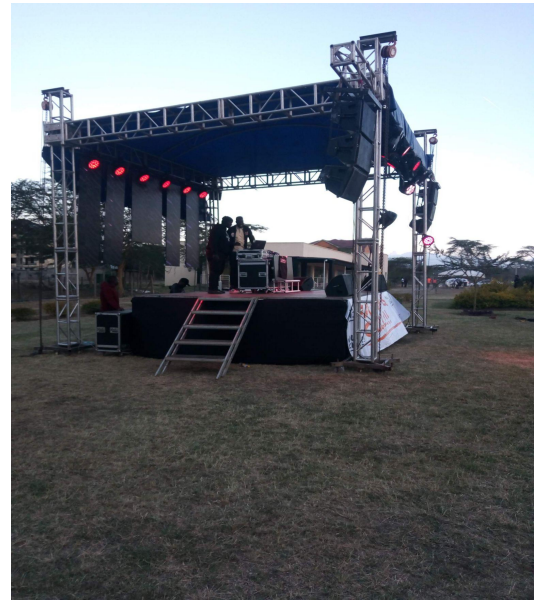

We have constantly created professional and polished looks for our clients using the stages and lights we offer. The designs are customized for varying event types.

We integrate lighting, sound systems, LED screens, and even projectors for a seamless experience.

Our goal is to transform our clients' events into high-impact experiences.

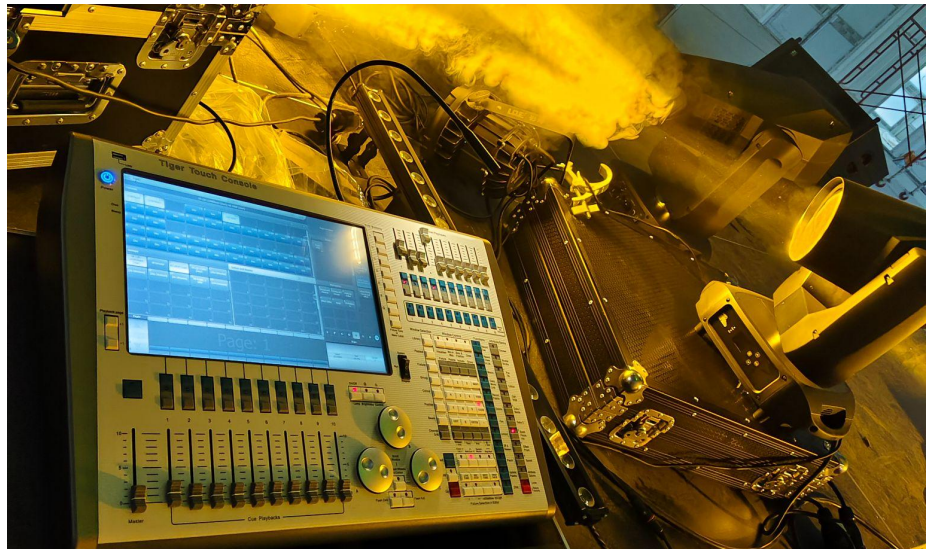

LIGHTING SERVICES

We have an arsenal of lighting solutions available for our clients. We offer

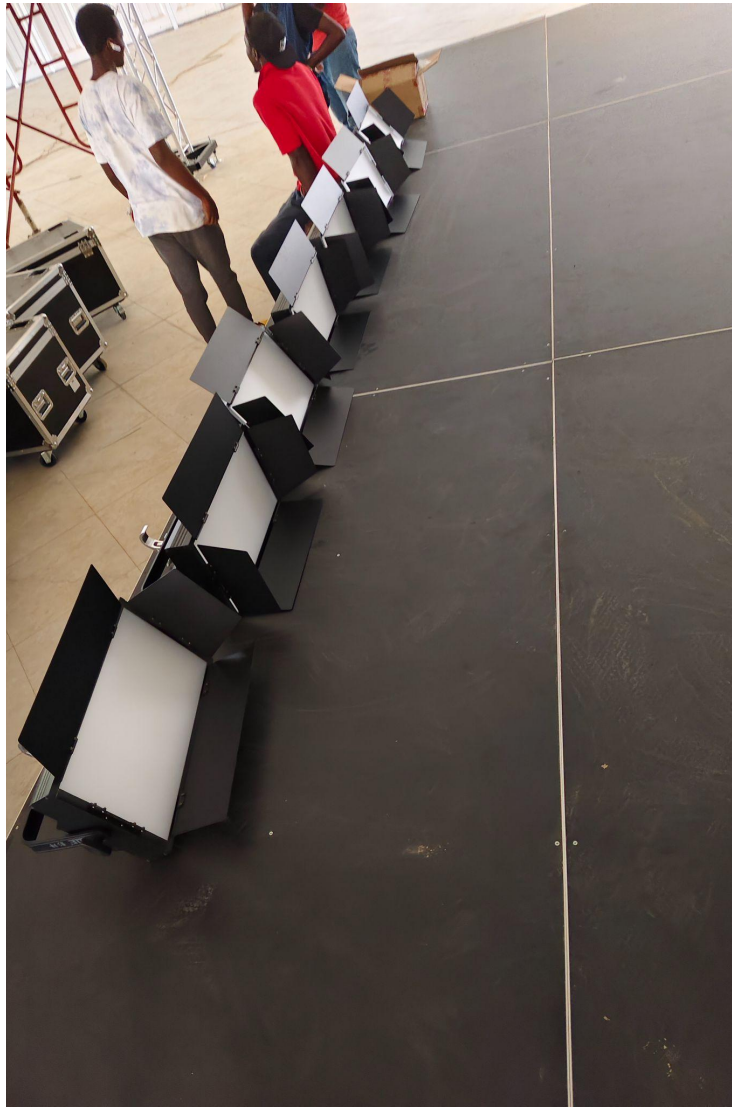

- **Par Cans & Flood Lights** - to ensure the stage is evenly lit.
- **Spot Lights** - to highlight specific stage areas and offer softer light for general illumination.

VIDEOGRAPHY

VIDEOGRAPHY

Safaricom PLC, Mpesa Foundation Health Camps

The Mpesa Foundation, a subsidiary of Safaricom PLC, is dedicated to offering free medical healthcare to numerous underserved communities across Kenya. We captured and documented impactful stories that showcase the Foundation's efforts in making a difference. We have made over 10 documentaries for this course.
